IN MEMORIAM
WALTER E. "BUD" DOCKHAM. JR.
1935–1992

Walter E. "Bud" Dockham, Jr., a Greenland native, was appointed Police Chief in 1970 having served Rye for more than thirty years. He retired from the Town of Rye on September 29,1991. He didn't have a lot of retirement plans, just wanted to work around his home,and enjoy his family and friends. Later, deciding to serve his community on a volunteer basis, in March, 1992, "Bud" ran and was elected to serve on the Budget Committee, but he never got to fulfill this obligation because he passed away suddenly on September 2, 1992. "Bud" is survived by his wife, Jayne, a son, Russell, and his mother, Margaret.

"Bud" witnessed the Rye police force going through different changes, from being a three-man outfit to a nine-person department.

He was very active in the NH Cadet Academy—a one week program put on every summer by the NH Police Chiefs, the NH Police Association and the Daniel Webster Council of Scouts for age groups 14 to 18 year olds who were comtemplating police work as a career.

Additionally, "Bud" was a member of the Rockingham County Law Enforcement, the Blue Knights, and the Rye Lions Club.

A good friend to "Bud", Mr. Earl Sweeney, Director of NH Police and Standards and Training described "Bud" . . . "a quiet modest, individual who doesn't go around tooting his own horn."

"Bud" loved being the Rye Police Chief. He will be remembered for the pride he displayed while serving his community, and he will be missed.

DEDICATION

According to Webster, the word **volunteer** means "One who enters into or offers him or herself for a service of his/her own free will."

This past year, the Selectmen appointed various ad hoc committees to assist them in making major decisions. Selectmen also called on the various town boards, - commissions, and committees for special assistance in other areas concerning the Town. Therefore, the Board of Selectmen would like to take this opportunity to express our appreciation by dedicating the 1992 Annual Town Report to the many **VOLUNTEERS** who are presently serving or to those who have previously served the Town of Rye in any capacity.

Because today's living style has become so "fast-paced", time to volunteer one's services has become almost extinct. However, Rye residents continue to volunteer many hours serving the community.

Evidence of this fact is reflected through the numerous boards, commissions, committees (and ad hoc committees), and departments that are lawfully required to serve the Town year round.

The Board of Selectmen would like to express special thanks to the Rye Ambulance Corps for their years of service to the Town of Rye.

The Selectmen encourage the residents to take a few moments to review the directory included in the annual report to note the volunteers that help solve town issues whether it be land issues, historical issues, recreation issues, or conservation issues.

However, there is always room for more! If you or your neighbor have a particular talent or interest, and would like to share it by volunteering time, please contact the Board of Selectmen.

CONGRATULATIONS VOLUNTEERS!!!!!!!

SPECIAL RECOGNITION

This year, the Board of Selectmen takes great pleasure in paying special recognition to **JOHN O. WIDEN,** a man of the sea.

Anyone who has lived in Rye or passed through Rye Harbor has probably met John, a man of few words, obvious knowledge, and always ready to lend a helping hand.

Although he was raised on a farm on Ocean Road in Portsmouth, he always had a love for the sea. At age 22, he ventured to Rye Harbor where he made his first attempt at lobster fishing in the 18 foot "Little Joe". In 1945, John and his wife Aura purchased an old house on Rye Harbor, where they still reside.

In 1954, he bought an unfinished hull of a boat, and built the Andrew J. The Andrew J. still ports out Rye Harbor, thirty-eight years later with John at the helm on his way out to sea to haul his traps in his methodical way.

After taking over the position of Harbor Master from Ben Saunders in 1968, John immediately set forth to reorganize and help Rye become the beautiful safe harbor it is today.

During his fifty-five years at Rye Harbor, John has performed many tasks above and beyond, some of which were performing funerals at sea, searching for lost people, towing in boats, fixing boats, motors, moving and finding mooring space, or just plain giving common sense information to a landlubber.

John and Aura have three children who reside in Rye; Jodi, Susan, and Andy along with six grandchildren and seven great grandchildren.

If you happen to run into this man of the sea take time to stop and chat, you'll find his quick wit and dry yankee humor will overwhelm you with tales of days gone by . . . . .

ADMINISTRATIVE ASSISTANT
Janet C. Thompson

SELECTMEN'S SECRETARY
Judith Doyle

TOWN BOOKKEEPER
Patricia Adams

SELECTMEN'S REPORT

The 1992 March Election returned Jack Tobey to the Board of Selectmen along with newcomer Joe Mills. Donald Stevens was elected Chairman and Paula Snyder was elected Vice Chairman.

At the March 14, Town Meeting an operating budget of $3,139,013 was approved along with the following special articles: $16,000 for the purpose of purchasing computer equipment to be used by the Fire and Police Departments; $32,759 to assist the Rye Ambulance Corps; $25,000 to establish a Public Safety Building Capital Reserve Fund and $8,000 for a management plan to preserve the Berry's Brook—Bellyhack Bog Watershed area, $4,000 of which will be reimbursed by a grant from the New Hampshire Coastal Zone Management Program.

The Board met on Monday evenings throughout the year with additional Thursday evening meetings to accommodate a heavy work load and budget review. 1992 saw the Rye Sewer Project completed with just a small number of connections remaining. To address some of the issues that have concerned many, the Board voted to adopt the following policies: (1) Issuing waivers for properties with new septic systems that were installed after 1985 and meet the requirements of RSA 147:8. (2) Dr. Robert O'Brien, Jack Squires and Frank Drake have been appointed to serve on a Sewer Financial Hardship Review Committee to assist those who are unable to pay their mandatory sewer connection, capital costs or operation and maintenance costs. Letters of explanation will go to all sewer users. (3) Leon Valley, Laurence Tosi, and Skip Page have been appointed to serve on an Ad Hoc Sewer Commission and will be reviewing how the sewer billing system is set up to enable a smooth transition from the Selectmen to the Sewer Commission which will be created by an Article that will be put before the March Town Meeting.

The Town of Rye was saddened by the passing of Walter E. Dockham, Jr., Chief of Police, who retired on September 29, 1991. Fire Chief George Moynahan retired on April 30 after over twenty years of service to the Town of Rye. Bruce Walker served as Acting Fire Chief until the appointment of Fire Chief Ronald L. Lima on October 12. Police Chief Bradley Loomis was sworn in that day as well. We wish both these gentlemen success and many long years with the Town.

1992 saw the end of an ERA when the Rye Ambulance Corps disbanded and the ambulance was transferred to the Fire Station. Thanks to all who served on the Rye Ambulance Corps over the past thirty years.

1992 will be remembered as the year the Town acquired the Adams Tract, 58.7 Acres of Conservation Land, through the efforts of the Conservation Commission, especially James Rand, and the State Land Acquisition Program. It was also the year the Well Being Program for shut ins was established

through the efforts of Jack Tobey. The Recreation Area Pond was dredged to offer skating in the winter and fishing in the spring. Fax machines located at the Fire Station and Junior High School were obtained through a FEMA grant. Charlotte M. Drake, Rye oldest resident, was presented with the Boston Post Cane.

Looking toward the future, a Public Safety Study Committee will be looking at the Town's long term needs and the real possibility of using the Rye Ambulance Corps Building for the Police Station.

We would like to take this opportunity to thank all of you for attending our meetings and volunteering to serve on the Town Boards and Commissions as well as the Police and Fire Chief Selection Committees, the Ambulance Alternative Study Committee and the various sewer committees.. May we all continue to work together for the good of the Town of Rye.

If you can identify anyone in our cover picture, please contact the Selectmen's Office.

Respectfully submitted,

Your Board of Selectmen
Donald L. Stevens, Chairman
Paula S. Snyder, Vice Chairman
Henry M. Cavaretta
Jack B. Tobey
Joseph G. Mills, Jr.

BUDGET COMMITTEE'S REPORT

The Budget Committee continued its historical ritual of Monday and Thursday meetings throughout the 1993 budget season preparing the town budget. We also met on a quarterly basis to review town and school expenditures. At our April meeting the following officers were elected from the elected members of the committee; Gary Chapman, Chairman; Frank Drake, Vice Chairman and Wayne Powers, Clerk.

For the second straight year the Town Moderator was called upon to fill the vacancy caused by the death of one of its members. Newly elected Walter "Bud" Dockham had attended only two meetings before his untimely death. Doug Abrams was appointed by the Moderator to serve until the next election.

We are experiencing difficulties again trying to prepare a budget for presentation to the taxpayers of Rye without negotiated contracts. The committee tries to balance the needs to provide citizens with the level of municipal services required for a safe and pleasant community environment, while always exercising its responsibilities to assure taxpayers effective and cost-conscious government. However, the final decision rests with you, the citizens of Rye. We must work together as a community if we are to succeed.

Respectfully submitted,

Gary A. Chapman
Chairman

TOWN CLERK/TAX COLLECTOR'S REPORT

OFFICE HOURS: Monday through Friday from 8:00 am to 4:30 pm, and Monday evenings from 6:00 to 8:00 pm.

We've worked very hard this year to insure that the transition to the combined Town Clerk and Tax Collector' office was as smooth as possible. It's been extremely helpful to me to have Beth Yeaton (the former Tax Collector) as my deputy. Her knowledge and experience is invaluable and I am very grateful for her assistance.

The addition of quarterly sewer billing to the workload has substantial impact on the office, but I find that it seems to fit in fairly well with the other duties and functions of our day-to-day regime.

I have asked the Selectmen and Budget Committee to consider a computer program for motor vehicle registrations which I feel will aid us greatly. This program would enable us to do mail-in renewals and would also save a great deal of time and be more efficient than our current method. It could be that these economic times will preclude the new program for this year, in which case we'll do our best the way things are and hope that financial situations improve soon.

Don't forget that all dogs should be licensed before April 30th. An up-to-date Rabies Certificate for each dog is required by law. A Rabies Clinic will be held again this year, prior to April 30th, in the Fire Station. There your pets can receive their Rabies inoculation at a reduced price and you can license your dog(s) if you wish.

I wish to thank my deputies, Beth Yeaton and Terry Zartarian, for their fine work and dedication. Thank you as well to all the Town employees, Departments, Boards, Commissions, and Officials for their cooperation and kindnesses. I look forward to 1993 with hopes for continued good will.

The financial report appears on the following page.

Respectfully submitted,

Jane E. Ireland
Town Clerk/Tax Collector

POLICE CHIEF'S REPORT

The police department has gone through some difficult times in the past year and a half since the retirement of the late Walter "Bud" Dockham, Jr. "Bud" served the Town of Rye for 30 years, his presence will be missed by many. On a similar note, Jim Morrison has also served the town for 30 years in his capacity as a part-time police officer. He retired this year and will also be missed.

There are still unresolved issues within the police department that need to be addressed. We have started the process of moving towards the future and these issues will be resolved.

I was appointed as Police Chief and started working in that capacity in October of this year. I am finding my way around town and have met many people already. I look forward to meeting many more in the coming year.

Officer John Scippa was trained as DA.R.E. Officer this past year and will begin working with your children shortly. It is my hope that we will find our way into the schools with other programs in the coming year.

Activity:	72	arrests
	858	complaints
	342	summons

	76	juveniles
	54	animal
	4001	total CFS

Mission Statement

Goal: To improve the level of safety and the overall quality of life for the residents and all who visit our Town.

Accomplished through:

1. Providing a highly trained professional team of police officers capable of responding to and controlling a wide variety of emergency or potential emergency situations;
2. Education of the public at large to safety and crime prevention issues within the community;
3. Particular interaction with the youth of the community through education, early intervention and enforcement;

4. Active investigation and prosecution of serous criminal activity;
5. Enforcement of laws in a manner that is fair and impartial;
6. Early recognition and intervention of problems and potential problems within the community and aiding in solutions to those problems.

Respectfully submitted,

Bradley B. Loomis
Chief of Police

FIRE CHIEF'S REPORT

To the residents of Rye, it gives me great pleasure to submit my first annual report of the Rye Fire and Ambulance Department, as your new fire chief. Again same as last year while this report is being written, the department again experienced its first major fire. Unlike last year this fire did not claim any lives. Since taking over the reins as fire chief many changes have occurred to enhance the services provided to you the residents. The ambulance service is now provided by the fire department and the service will remain the same as in the past. I would encourage every resident to tip its hat to the Rye Ambulance Corps, who provided excellent emergency medical services for over 30 years, they deserve recognition. Every effort is being made to operate the department on a level funded budget and still provide the best service possible to protect the lives and property of the residents. Below you will find not only the stats for the year 1992 but a list of the members of the department who bring this service to you.

Alarm Activations: 37
Electrical: 6
Oil Burner: 1
Motor Veh. Fires: 3
Public Assist: 12
Amb. Assist/Med Aid: 7
Mutual Aid Received: 3
Amb. Dispatched: 219

Brush/Grass: 4
Fuel Spills: 4
Investigations: 42
Structure Fires: 6
M/V Accidents: 8
Police Assist; 5
New Castle
Fire Dispatched: 35

Chimney Fires: 7
Haz-Mat: 3
Outside Fires: 3
Lockouts: 6
Illegal Burns: 7
Mutual Aid Given: 8

The fire department conducted 332 inspections, issued 132 permits, 522 fire permits and 129 beach permits.

Ronald M. Lima
Fire Chief

PUBLIC WORKS DIRECTOR'S REPORT

During the year 1992, the Town of Rye Highway Department reclaimed and repaved 2300 lineal feet of Grove Road, 1600 lineal feet of Central Road, and 2250 lineal feet of South Road. Harbor Road was repaved for a distance of 680 lineal feet, and Cable Road extension a distance of 60 lineal feet due to storm damage. Cable Road and Pine Street were overlaid in conjunction with the sewer project. Drainage projects were completed on Grove Road, Berry Brook Lane at Sagamore Road, Cable Road, Huntervale Avenue, Dow Lane, and Washington Road. The town hall parking lot paving was extended and the lot was stripped for parking.

Due to extensive damage from storms, the seawall at Sawyers Beach was rebuilt with large stone rip rap placed in the center of the shale pile. The highway department built and installed access ramps at Foss Beach and by the duck pond across from Pollack Drive. Rip rap was also placed at Rye Harbor on Harbor Road.

There was a total of 2393 tons of trash taken to Turnkey in Rochester with R. Philbrick trucking at 1576.76 tons and the Town of Rye at 816.87 tons. The Rye Recycle Center processed and sold 197.58 tons of glass, 8.9 tons aluminum cans, 202.31 tons of newspaper, 40.58 tons of cardboard, 6.42 tons of Pete plastic and 6.6 tons of HDPE plastic for a total income of $11,277.29. By recycling 462.39 tons, a cost avoidance of $28,668.18 plus an income of $11,277.29 for a total of $39,945.47 savings was realized.

I would like to thank all who assisted the Public Works Department in any way this past year.

Respectfully submitted,

Cornelius "Bud" Moynahan
Public Works Director

BUILDING INSPECTOR'S REPORT

From December 1991 until March 12, 1992, I was without office assistance of any kind. Inspections, enforcement, response to inquiries and research fell behind as I was forced to deal with the events of each day as they occurred and prioritize the rest. Without clerical help, it became necessary to impose on colleagues and my wife in order to carry out the work of this office. The legal retainer that had provided procedural advice and interpretation of zoning ordinances through Attorney Michael Donovan was also discontinued making my tasks much more difficult and time consuming.

On March 12th, clerical support was restored to a degree with the part time hiring of Joan Dawley. To document the volume of work conducted through this office, a log was initiated at that time. Figures from nine and one half months are as follows: Phone Calls: 2,304; Walk-ins: 1,905; Inspections: 727; and Plans Reviewed: 165.

In addition during 1992, I issued four hundred and eight (408) building permits, exclusive of sewer permits. Twenty three (23) of them represent new home construction. As a result of this activity, an estimated six million, six hundred fifty six thousand, fifty four dollars ($6,656,054.00) in assessed valuation will be added to the tax rolls upon completion of the work. This amount is up more than two million dollars over 1991's activity. The 1992 net Town valuation increased by three million, eight hundred and forty-three thousand, three hundred and sixty-eight dollars ($3,843,368), and this amount was included in the overall 1992 total Town valuation ($497,572,789) used to set the 1992 tax rate by the Department of Revenue Administration. In the process, thirty three thousand, four hundred two dollars and fifty cents ($33,402.50) in fees, again exclusive of the sewer, was taken in and added to the General Fund.

These figures are not generated automatically. When I took over this office in 1985, approximately 50% of the construction in Rye was initiated without a permit and many were surprised when I appeared on the job. Over the years, a working arrangement has been developed with area contractors. Most now comply with codes and regulations conscientiously and I encourage that cooperation by arranging test pits and inspections in accordance with their needs whenever possible. For this reason, set hours for field work are neither appropriate nor cost effective.

Inspections, many of which involve life safety factors, cannot be conducted responsibly in haste. Contractors, realtors, banks and especially business and home owners/buyers/renters rely on and have the right to expect compliance with codes and ordinances.

In closing, special thanks to Joan Dawley for excellent work under pressure, to my Town Hall co-workers for their cooperation and to the people of our town for your support.

Respectfully submitted,

William R. Jenness
Building Inspector

MOSQUITO CONTROL COMMISSION'S REPORT

The 1992 season will be remembered for many years to come. Record breaking rainfall during normally dry months led to an unusually high adult mosquito population in June and July. Saltmarshes flooded an amazing nine out of twelve possible lunar floodings– an occurrence we have not seen in the past fifteen years.

LARVICIDING

Larviciding can be defined as the controlling of larval mosquitoes in their aquatic breeding areas. Breeding areas include saltmarshes, red maple swamps, marshes, ditches, woodland pools, and numerous other stagnant, shallow bodies of water.

FRESHWATER LARVICIDING

Snowmelt sites were dry in April and early may of 1992. Many areas with mosquito breeding in past seasons were dry this year. The large red maple swamps at Liberty Commons, Fairhill Swamp, Berry Brook, Adams Trailer Park, and Abenaqui Country Club had minimal snowmelt mosquito development.

Consistent rains in late May, June and July flooded the snowmelt sites and created an unusual situation. These sites are typically dry at this time of year. Now they were completely flooded and producing millions of Aedes vexan, a species not common to these types of habitats. We were forced to control saltmarsh and freshwater sites simultaneously. Normally most of the freshwater larviciding is completed by mid-May and the saltmarsh season begins thereafter.

SALTMARSH LARVICIDING

Saltmarsh mosquito control is a priority in any seacoast town. We experienced many saltmarsh floodings in 1992. Nine out of twelve possible lunar floodings led to mosquito development. The average year has five to six floodings. There has been a season with as few as three floodings. Each flooding required approximately fifteen hours of larval surveys and seventy-one hours of larviciding labor.

ADULTICIDING

Adulticiding can be defined as the controlling of adult mosquitoes by truck-mounted sprayers. The normal adulticiding season begins near Memorial Day and ends around mid September. With the rains and cool weather of June and July we were unable to adulticide as often as required. This was unfortunate since adult mosquito populations were high during this time.

When the weather improved after mid July we increased the frequency of our adulticiding applications. We adulticided twice per week (when necessary). Rye has more freshwater and saltmarsh wetlands than any other seacoast New Hampshire community. Even when we obtain 95% to 99% control in larviciding the 1% that escapes represents a sizable mosquito population. Twice per week adulticiding will alleviate the problem.

We have developed two adulticiding routes in Rye– the North and the South. The North route was completed twenty times and the South eighteen times in 1992. I have diagrammed the routes on a large map (1" = 1,000'). The Pesticide Control Board has a copy of the map, as is required by their rules.

PUBLIC RELATIONS

We cannot emphasize enough the importance of a good public relations program. We had great success in answering complaints by visiting their properties. We explained why mosquito populations were high and often added service to their areas. When people understood the situation and were explained our control strategies we enjoyed better relations. Many people appreciated our direct response and pointed out areas that may be of concern to us.

In addition, we are working with the various Town boards to develop a marsh enhancement program.

At the February 1, 1993 Selectmen's Meeting, the Mosquito Control Commission spoke with the proponents of the all natural mosquito proposal and stated that the Commission would be interested in working with them in order to determine the most reasonable and effective methods of mosquito control for the Town.

Respectfully submitted,

Dave Dawley, Chairman
Michael Morrison, Entomologist

ANIMAL CONTROL OFFICER'S REPORT

1992 brought numerous raccoon complaints. Again I would suggest that people take a little time and put some kind of wire covering over the tops of their chimneys. This will prevent any wildlife from nesting in chimneys or even getting inside houses.

During 1992, 149 complaints were received by the Animal Control Officer. These complaints are broken down as follows; 72 dogs at large; 36 dogs impounded; 34 dogs released; 2 adopted out; 7 dog bites; 4 struck by vehicles, 1 survived; 4 nuisance dogs; 47 wildlife; 2 livestock; 3 written warnings; 2 verbal warnings; 8 summons issued; 106 pets reported missing.

As of January 1, 1993 State law requires all cats be vaccinated against rabies, due to an increase of reported cases of rabies. Also all dogs should be licensed by April 30 of each year . A total of 551 dogs were licensed in 1992. Please remember to display dog tags at all times.

Respectfully submitted

Elizabeth A. Sheehy
Animal Control Officer

RECREATION COMMISSION'S REPORT

Another year has gone by and unfortunately the economy doesn't seem to be looking any brighter. In 1992, the Recreation Department once again had to come to the rescue of many of the town's people. With money tight, it was nice to be able to offer some new activities to Rye's residents that didn't take too big of a bite out of their pocketbooks!

Our new programs consisted of a "Valentine's Polaroid Pictures", "Bicycle Rodeo", "Soccerdimensions", "Teddy Bears' Picnic", and "Children's Summer Theatre".

For Valentine's Day, many children stopped by the Ambulance Corps Building to have their pictures taken for their favorite sweetheart.

At our 1st annual Bicycle Rodeo, the Recreation Commission worked with the Police Department in providing a free program for bike riders of all ages and levels. Dr. Richard Guare of the Portsmouth Hospital was on hand to sell bicycle helmets at an incredibly low price to all who were interested. The Police Department provided bike inspections and licensing. The Recreation Department and the Police Department provided bike games, races and an obstacle course. The Fire Department and the Ambulance Corp were on hand to ensure that safety came first. Over 200 people were in attendance and are looking forward to our 2nd annual in 1993.

Once again the Recreation Department offered two playground programs for children ages 3-12 years old. Over 120 children participated in many activities and field trips.

This year the Recreation Department chose to offer a new soccer camp run by Mike Noonan, the head soccer coach from U.N.H. "Soccerdimensions" was well attended by over 100 boys and girls ages 5-16 years old. Because of the large number of children in attendance, both the Recreation Area field and Parsons Field were utilized for this camp. "Soccerdimensions" also held a "Rye Day" at U.N.H. this fall, where the children from Rye met with the U.N.H. soccer team before and after the game to partake in a question and answer session. This made the children feel very special.

The Recreation Department took over the ever so popular "Teddy Bears' Picnic" which has been sponsored by the Library in the past. Due to the lack of time, we combined the picnic with our annual 4th of July Celebration. Over 300 bears were in attendance while children, parents and grandparents enjoyed the games and entertainment. Rye's own Boss Co. Band provided music while the "Hot Shots" from Newmarket dazzled the crowd with their jump roping skills. Fireworks completed the evening.

Another new project for the Recreation Department was a joint venture between the Recreation Commission and the New England Repertory Theatre which provided four children's plays performed at Parsons Field.

Hundreds of people turned out to enjoy "Where The Wild Things Are", "Beauty and The Beast", "The Velveteen Rabbit" and "Jungle Book" which by the way had some up and coming young actors from Rye. Thanks to Justin Catalino for his help at the 4th of July Celebration and Summer Theater. Rye bookkeeper, Trisha Adams sure made a super bear for our picnic. Their enthusiasm was greatly appreciated.

On to Christmas - well . . . we held our annual "Santa Calling", "Christmas Coloring Contest", and "House Decorating Contest". We also joined with the Rye Women's Club and the Rye Lion's Club in the town's 1st annual tree lighting at Parson's Field. This year's Christmas parade was a huge success thanks to chairman Firefighter David Kornechuk who managed to get representation from various branches of the service as well as other town's Fire Departments. Of course, Rye had several floats as well. By the way, Rye Recreation's float won 1st prize again this year. Come by next year to see if we can make it three in a row! The parade is held on the first Sunday of December at 1:00 pm. See you there.

The Rye Recreation Commission continues to offer the following programs and hopes to see you there: Generally Fit, Parent-tot Fitness, Preschooler's Discovery Playtime, craft classes, co-ed volleyball, field trips, and other special events. For more information about Recreation Department programs or if you have a talent you'd like to share, please feel free to give us a call at 964-6281.

Be fit, have fun and be happy with the Rye Recreation Department.

Respectfully submitted,

The Rye Recreation Commission

BEACH COMMISSIONER'S REPORT

The summer of 1992 can best be described as wet and cold. Eight of the twelve weekends that the guards were on duty, were either a washout or very cold. This was the first time in twelve summers of record keeping that our water temperature did not reach 70 degrees during the first week in August. In fact, it was not until the 21st of August that we recorded our first 70 degree day.

Our new "Policy Directive" from the Selectmen "In matters of safety and orderliness, a person shall obey all reasonable requests made by a lifeguard"; has been tested and proven to be an effective tool when dealing with difficult people. This has been long overdo and has given the lifeguards a new feeling of purpose knowing that the town is behind them.

The seasonal public telephone at Wallis Road extension, which the phone company gave us at no charge, is being used so extensively, that they are now paying the town a percentage of the proceeds from that location. We are considering adding another one at Cable Road extension next summer.

We are pleased to report we had no drownings or serious injuries and thanks to everyone who visits our beaches for their cooperation in helping to keep them clean and safe.

Should you have any suggestions you feel would be helpful, please feel free to write to me c/o the Town Hall or call me at 436-4484.

Respectfully submitted,

Ken Fox
Beach Commissioner

LIBRARY DIRECTOR'S REPORT

In 1992 the Rye Public Library continued to grow and change. The Children's Room was moved from the cramped, windowless basement of the original building into the bigger and brighter room across the hall. The new space comfortably accommodates the ever-increasing visits from newborns to toddlers to preschoolers to kindergartners to students of all ages and levels, as well as teachers and guardians. The hauling and rearrangement of 12,000+ items was no mean task, and the workload was lightened by the help of volunteers, especially Boy Scout Troop #181, who assisted with all aspects of the six-month project from beginning to end.

As part of our plan to make the Library accessible to all, a lift was installed in the building so that physically disabled patrons can enter and move from floor to floor without using stairs.

Staff included Kathleen Rudden, Library Director; Susan Laun (formerly Bucklin), Children's Librarian; Robin LeBlanc, Librarian; Marjorie Little, Tricia Quinn, Kerry Cronin, Library Assistants; Gregg Smyth, Susan Boyle and Stephanie Metalious, Pages. Faithful volunteers included Irene Maskwa, Pam Anthony, Alice Carney, Annie Kucharski and Bea Hubbard. Leaving the staff this year were Deanie Brownell and Janet Scott.

Circulation continued to increase in 1992 for a new high of 64,758 items. Interlibrary Loans (items borrowed from and by other libraries in the state) was 754 items. Approximately 1500 materials each were added to the Adult Children's collections; 1845 Adult items and 1325 Children's items were withdrawn.

Adult programming served 225 people in 1992. Two reading and discussion programs, "American Short Stories" and "Encompassing Columbus" were presented, with support from the NH Humanities Council and the New England Humanities Council. In the spring we sponsored an evening program on Thomas Bailey Aldrich at the Rye Junior High School, funded by the NH Humanities Council. Mimi White, Rye poet, held a series of workshops for adults on writing poetry, culminating in an inspirational poetry reading by participants.

The big event this year was the Grand Opening of the new Children's Room in June. At least 150 children and adults attended this great event. Although program space was nonexistent during the first half of the year, once the new room opened for business in June, regular programs were resumed. Nearly 160 children signed up for the DISCOVER READ Summer Reading Program, which culminated with a Sand Sculpture Festival at Pirate's Cove. Over 700 children Storyhours for 3 & 4 year-olds and 5 & 6 year-olds; Parents & Terrific Two-Year-Olds; "Inside-Out: The Art of Exploration" poetry workshops, and Rainy Day Movies. Numbers of others visited the Rye

Library with preschool, day care, summer camp, grade school, scout, and recreation groups. "Jake", our Library Dragon-in-Residence was back again to correspond with children about their summer reading.

Our community continues to support the Library in many ways. Thanks to the Short family for (again) supplying the vehicle for the Rye Christmas Parade. Peter Case faithfully mowed the lawn all spring and summer.

The Friends of the Library continue their support by helping around the Library, decorating for holidays and by contributions from fundraising. This year the Friends purchased a flag to hang outside which says "OPEN" and had lighting installed to better illuminate the front walk.

Respectfully submitted,

Kathleen Rudden
Library Director

LIBRARY TRUSTEE'S REPORT

Over the past six years I have had the responsibility of being a Trustee of our town Library. This has truly been a challenge, and one to which I hope I have served, our town and Library, with insight, honesty, and enthusiasm.

Our Library Director and staff have helped to make so many of our goals possible and more has been accomplished than the trustees planned.

Many of the changes that occurred during the past six years, would not have happened without the contribution of the townspeople, who wanted more. The people of Rye have voted funds and their time, to enhance the Library, as a treasure of information for all to use.

This year the Library will be computerized. Our entire collection will be bar coded and accessible via computer terminals, no more card catalogs. Students at the Rye Junior High School will now have access to our collection via a terminal located at the school. Six years ago the only computer in the Library was in the office and the staff had limited access. Look at what we have now!

This past year our Library has been improved in more physical ways apparent to all. The children's room was relocated and we added a lift, making us accessible to everyone.

Our town budget does not cover all of our expenses. The Library has trust funds, established by benefactors, to provide additional funds to enhance our means to serve the town. This year we received gifts from concerned town folks that enabled us to purchase specific items, or bring a children's program, to Rye, that might otherwise not have been available to us due to the cost. This year we were able to enlarge our "large print" collection due to a donation from Webster of Rye. The Rye Junior High Stained Glass Club enhanced our Library with the door panels which they designed and constructed for our enjoyment. There were many other gifts which have been greatly appreciated and will help to continue improvements and changes in our Library. Please consider this a subtle hint to remember the Library when you are in a generous mood.

Thank you all for your continued support, especially the Trustees, Sue Moynahan and Mark Epply and Kathleen Rudden, our Director and the Library staff. I look forward to using the Library and feel lucky that I live in a town that cares so much about its great resource, the Public Library.

Respectfully submitted,

Christi Hassel Shearer
Chairman, Rye Library Trustees

PLANNING BOARD'S REPORT

During 1992 the Planning Board had 11 formal applications presented. The applications and decisions were as follows:

Heidi Fardelmann, 120 Brackett Road. 2 lot subdivision, approved.

Vincent Boutilier & Michael Cappucio, 18 & 28 Gray Court. 2 lot subdivision, approved.

Bethany Congregational Church, 10 Walker Lane. Site development, approved.

Nona Worden, 406 Brackett Road. 2 lot subdivision, approved.

Hector's Exchange Center, 330 Lafayette Road. Request for site review exemption, denied.

Cynthia Tucker, 635 & 637 Long John Road. 2 lot subdivision, approved.

Priscilla Flanigan (Savickis & Flanigan Trustees) 491 & 495 Brackett Road. 2 lot subdivision, approved.

Bert Ham, off Sagamore Road, Forest Green Road. 10 lot subdivision, conditional approval granted.

Richard Spaulding, 121 Brackett Road. Lot line adjustment, approved.

Frank Fate et al, Harborview Drive. Lot line adjustments, approved.

Barbara O'Brien, 630 Washington Road. Site review, tabled.

During 1992 the Planning Board also spent time reviewing the Land Development Regulations with one major update, namely update of soil type versus lot size table.

In March of 1992 the Board presented various ordinance amendments to the voters, who approved the following:

1) Adoption of an amendment which deletes permit fees from zoning ordinance and delegates authority to the Selectmen.

2) Adoption of an amendment which gives updated criteria for off-street parking.

3) Adoption of an amendment which strengthens the cease and desist order.

4) Adoption of an amendment which grants certain business uses in business districts the right to exist rather than by special exception.

5) Adoption of an amendment which provides that the one building-one lot rule is applicable only in single and general residence districts.

6) Adoption of an amendment which clarifies the non-contiguous lot rule.

7) Adoption of an amendment which places controls on seasonal conversion of dwelling units.

8) Adoption of an amendment which adopts the BOCA National Building Code.

In 1992 work was begun on updating the Master Plan. This work will continue through 1993.

Your Planning Board needs participation from local citizens. There are both elected and appointed alternate positions available. We need *your* help.

TOWN WARRANT

The State of New Hampshire

To the inhabitants of the Town of Rye, in the County of Rockingham in said State, qualified to vote in Town affairs;

You are hereby notified to meet at the Rye Elementary School in said Rye on **Tuesday**, the 9th day of March 1993, next at **nine o'clock** in the forenoon until **seven o'clock** in the evening to vote on the following subjects:

ARTICLE 1. To choose one (1) **Selectman** for one (1) year, one (1) **Selectman** for two (2) years, one (1) **Selectman** for three (3) years, a **Town Clerk/Tax Collector** for one (1) year, one (1) **Trustee of Trust Funds** for three (3) years, one (1) **Cemetery Trustee** for three (3) years, one (1) **Library Trustee** for three (3) years, one (1) **Budget Committee Member** for two (2) years, two (2) **Budget Committee Members** for three (3) years, one (1) **Planning Board Member** for two years, two **Planning Board Members** for three (3) years.

ARTICLE 2. To choose all necessary officers for the Rye School District in accordance with the statutory procedure adopted by said District at its March 1962 annual meeting.

ARTICLE 3. On petition of Howard W. Fales and at least 80 other voters of the Town of Rye: "Are you in favor of increasing the Board of Selectmen to five (5) members (RSA 41:8-b)?"

ARTICLE 4. On petition of Walter E. Carr and at least 24 other voters of the Town of Rye: "Are you in favor of changing the terms of the Town Clerk/Tax Collector from one year to three years, beginning with the term of the Town clerk/Tax Collector to be elected at the next year's regular town meeting?"

ARTICLE 5. To see if the Town will vote to amend the Rye Zoning Ordinance to wit:

AMENDMENT 1. OFF-PREMISES SIGNS

I. Add a new Section 501.6, as follows:

<u>501.6 Off-Premises Signs</u>: In all zoning districts, only the following off-premises signs shall be permitted:

A. Business directional signs located within a state highway right-of-way pursuant to RSA 236:84 and N.H. Admin Rules TRA 602.

B. Other business directional signs, provided that: such signs shall not be located on the same road on which the business is located; no more than two such signs shall be permitted per business; and such signs shall comply with the following limitations.

Signage Limitations (Maximum)

	Posted Speed (mph)		
	50-55	35-45	<35
Ht. of letters (Inches)	6	5	2
Panel Height (Inches)	20	16	9
Panel Width (Feet)	8	7	4

C. Temporary directional signs for real estate sales, provided that such signs shall not exceed four (4) square feet in area; that such signs shall remain in

place no longer than sixty (60) days; and that no more than two (2) such signs shall be permitted per advertised property.

D. Political signs that are in full compliance with RSA 664:14 to RSA 664:17-a.

All other off-premises signs, including billboards, are prohibited.

II. It is also proposed to amend the definition of "sign: and to add the definitions of "off-premises sign;" "business directional sign;" and "identification sign," to the Appendix as follows:

SIGN: Present Definition.

SIGN: Means a structure or part of a structure that is arranged, intended, designed or used as an advertisement or announcement; this definition includes signs, billboards, posters, paintings, photographs, lights, illuminated devices and advertising signs of every kind, irrespective of size or area.

SIGN: Proposed Definition.

SIGN: Any permanent or temporary advertisement, direction or communication, other than an identification sign, produced in whole or in part by the construction, erection, affixing or placing of the structure, device, letter, banner, pennant, streamer or placard on or over any land or on any structure, or produced by affixing or placing any printed, lettered, pictured, figured or colored material on any building, structure or surface or which is designed to be seen from outside a building, provided, however, that signs placed or erected by the Town or State for the purpose of showing street names or traffic directions or regulations or for other municipal or governmental purposes shall not be included herein.

Proposed New Definitions (3).

SIGN, BUSINESS DIRECTIONAL: A sign that provides directional information only to any privately owned business. Such sign shall contain only the name of the business, a directional arrow, distance and symbols (if applicable) arranged in accordance with Figures 1, 3, and 5 of the NH Department of Transportation Specifications for Business Directional Signs Section 660. Such signs shall have a blue background over the entire sign face, and all copy shall be white.

SIGN, IDENTIFICATION: An outdoor sign displaying the name or address of the occupant or identifying a permitted use or an accessory use.

SIGN, OFF-PREMISES: Any sign identifying, advertising or giving directions to a business, person, activity, property or service not located on the premises where the sign is located.

AMENDMENT 2. WATER LINE REQUIREMENT FOR SEASONAL CONVERSIONS

Amend Section 202.11, Paragraph F relative to the requirements for conversion of seasonal dwelling units, as follows:

Present Language:

F. Water lines shall be located 4 feet underground or insulated to prevent freezing.

Proposed Language:

F. Water lines shall be located in accordance with the governing regulations or the appropriate water purveyor.

AMENDMENT 3. NEW ZONING MAP

Amend Section 201.1 relative to the Zoning Map to delete the reference to the 1968 Durgin Map and replace it with a reference to the new 1992 Sewell Map, as follows: Note: Deleted language bracketed [ ], new language **emboldened.**

SECTION 201 ZONING MAP.

SECTION 201.1 Establishment: The districts aforesaid and the boundaries of such districts shall be such as shown upon a map prepared by the Rye Planning Board [dated December 1968, revised April 1980, and drawn by John W. Durgin, C.E.] **entitled "ZONING MAP TOWN OF RYE Rockingham County, New Hampshire 1992" and drawn by James W. Sewall company at a scale of 1" = 1000'.**

ARTICLE 6. To see if the Town will vote to amend the Rye Zoning Map to wit:

AMENDMENT 4. Reclassify those portions of Tax Map Lots 22-78, 24-102, 24-103, 24-104, 22-81 & 24-105 that are now classified as Business District from Business District to Single Residence District and amend the Official Zoning Map of the Town of Rye accordingly.

AMENDMENT 5. Reclassify Tax Map Lot 9.2-12 from Business District to Single Residence District and amend the Official Zoning Map of the Town of Rye accordingly.

AMENDMENT 6. Tax Map Lot 12-40 from Business District to Single Residence District and amend the Official Zoning Map of the Town of Rye accordingly.

ARTICLE 7. To see if the Town will vote to amend the Building Code of Rye, NH to wit.

AMENDMENT 7. Incorporation of Life Safety Code, NFPA 101, into Building Code.

As authorized by RSA 674:52, the Building Code of Rye, NH, hereinafter "Building Code," is hereby amended to adopt by reference the Life Safety Code, NFPA 101, hereinafter "Life Safety Code."

A. Full Title of Code.

The Life Safety Code which is adopted by reference is:

The Life Safety Code, NFPA 101, as adopted by the National Fire Protection Association, Inc. and approved by the American National Standards Institute (1988 Edition).

B. Exceptions to Life Safety Code

There are no local insertions in, deletions from or exceptions to the above-cited Life Safety Code, except as follows:

1. The enforcement penalties and remedies of the Life Safety Code are not adopted. Enforcement penalties and remedies shall be as provided in RSA 676:15-17.

2. Any provision of the Life Safety Code which conflicts with the Rye Zoning Ordinance or with State regulations shall not apply.

C. Local Provisions Different from Building Code.

None.

D. Conflicts.

If there are any other conflicts between the Life Safety

Code and the Building Code, other than those noted above, the stricter requirement shall govern.

E. Simplified Adoption of Updates or Revisions.

In accordance with RSA 674:52 (VI), the nationally recognized code hereby adopted by reference may be amended to substitute revised versions of said nationally recognized code (or revised parts thereof) for previously adopted versions following a public hearing by the Planning Board, approval by the Selectmen and recording by the Town Clerk.

F. Article 30 of 1989 Annual Town Meeting.

This amendment is not intended to affect in any way the validity of the Town's enactment to Article 30 of the 1989 Annual Town Meeting. Said Article 30 lawfully adopted the 1988 Edition of the Life Safety Code, which is currently the most recent version of the code.

AMENDMENT 8. INCORPORATION OF BOCA NATIONAL FIRE PROTECTION CODE INTO BUILDING CODE.

As authorized by RSA 674:52, the Building Code of Rye, NH, hereinafter "Building Code," is hereby amended to adopt by reference the BOCA National Fire Protection Code, hereinafter "Fire Protection Code."

A. Full Title of Code.

The Fire Protection Code which is adopted by reference is:

The BOCA National fire Protection Code, as recommended and maintained by the Building Officials and Code Administrators International, Inc. (1987 Edition).

B. Exceptions to Fire Protection Code.

There are no local insertions in, deletions from or exceptions to the above-cited Fire Protection Code, except as follows.

1. The enforcement penalties and remedies of the Fire Protection Code are not adopted. Enforcement penalties and remedies shall be as provided in RSA 676:15-17.

2. Any provision of the Fire Protection Code which conflicts with the Rye Zoning Ordinance or with State regulations shall not apply.

C. Local Provisions Different from Building Code.

None.

D. Conflicts.

If there are any other conflicts between the Fire Protection Code and the Building Code, other than those noted above, the stricter requirement shall govern.

E. Simplified Adoption of Updates or Revisions.

In accordance with RSA 674:52 (VI), the nationally recognized code hereby adopted by reference may be amended to substitute revised versions of said Nationally recognized code (or revised parts thereof) for previously adopted versions following a public hearing by the Planning Board, approval by the Selectman and recording by the Town Clerk.

F. Article 31 of 1989 Annual Town Meeting.

This amendment is not intended to affect in any way the validity of the Town's enactment of Article 31 of the 1989 Annual Town Meeting. Said Article 31 lawfully adopted the 1987 Edition of the Fire Protection Code, which is currently the most recent version of the code.

****

You are hereby further notified to adjourn to meet at the Rye Junior High School on the thirteenth day of March, next, at nine o'clock in the forenoon, to vote upon the following subjects:

ARTICLE 8. To see if the Town will vote to change the purpose of the existing Safety Building Capital Reserve Fund from "constructing a new Safety Building" to **"FOR THE PURPOSE OF CONSTRUCTING AND/OR RENOVATING A BUILDING"**, and designate the Selectmen as agents to expend.

THIS ARTICLE REQUIRES A TWO-THIRDS HAND VOTE

ARTICLE 9. To see if the Town will vote to raise and appropriate the sum of twenty-five thousand dollars ($25,000) to be deposited in the Capital Reserve Safety Building Fund.

THIS ARTICLE IS NOT RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 10. On petition of the Rye Recreation Commission and at least 25 other voters of the Town of Rye: To see if the Town will vote to turn the town building, now known as the Rye Ambulance Corps Building, into the "Rye Community Center" to be used for a place for various community and civic organizations to meet; for Recreation Department programs; a central meeting place for the children of Rye; for Visiting Nurses health clinics; for seasonal playground programs; and any other possible needs that may arise, to be supervised by the Rye Recreation Commission. The transition of this building and its management will be of no additional cost to the town.

ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of one hundred and eighty-five thousand four hundred dollars ($185,400) for the purpose of conducting a town-wide revaluation for the year 1994 to commence in 1993, by withdrawing nine-five thousand, four hundred and twenty-four dollars ($95,424) plus accumulated interest from the existing Revaluation Capital Reserve Fund, and the balance of approximately eighty-nine thousand, nine hundred and seventy-six dollars ($89,976) to be raised by taxes.

THIS ARTICLE IS RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 12. To see if the Town will vote to authorize the Selectmen to enter into a lease-purchase agreement for the purpose of purchasing a new 1993 Fire Department Pumper, and to authorize the withdrawal of sixty five thousand dollars ($65,000) for the down payment from the existing Capital Reserve Fund created for that purpose.

THIS ARTICLE IS RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of one hundred and twenty thousand dollars ($120,000) for the purpose of entering into a lease-purchase agreement for the purpose of purchasing a new 1993 Fire Department Pumper, and to authorize the withdrawal of sixty-five thousand dollars ($65,000) from the established Capital Reserve Fire Truck Fund, and to authorize the Board of Selectmen to enter into this five (5) year lease-purchase agreement and to set the conditions of the agreement.

THIS ARTICLE REQUIRES A TWO-THIRDS BALLOT VOTE

THIS ARTICLE IS NOT RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of twenty-three thousand, five hundred dollars ($23,500) for the purpose of purchasing twenty-three point five four acres (23.54) acres of land from Mr. Robert Shelton, Rye, (Map 22, Lot 9), with Berry's Brook flowing through it.

THIS ARTICLE IS NOT RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 15. To see if the Town will vote to raise and appropriate the sum of fifteen thousand dollars ($15,000) for the purpose of continuing the automation of the Town Library, and authorize the withdrawal of fifteen thousand dollars ($15,000) from the Library Capital Reserve Fund created for that purpose.

THIS ARTICLE IS RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 16. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of replacement for the Sewer Systems and to raise and appropriate the sum of ten thousand dollars ($10,000) to be placed in this fund and to designate the Board of Selectmen as agents to expend.

THIS ARTICLE IS RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 17. To see if the Town will vote to raise and appropriate the sum of nine thousand, five hundred and seventy-eight dollars and forty cents ($9,578.40), and to authorize the Board of Selectmen to pay this amount to the "Estate of Walter E. Dockham, Jr." in settlement of the claim made by his widow, Mrs. Jayne Dockham.

THIS ARTICLE IS RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 18. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of extraordinary legal fees and expenses related to foreseeable litigation involving claims made by the estate of the late Police Chief Walter E. Dockham, Jr. and to raise and appropriate the sum of $9,578.40 to be placed in this fund and to designate the Selectmen as agents to expend.

THIS ARTICLE IS NOT RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 19. To see if the Town of Rye can provide an appropriation of $1,000 to the New Hampshire SPCA to support the many services they provide to my community, including: Sheltering and adoption of homeless animals, impoundment facilities, lost and found services, educational programs for school children, assistance to animal control officers, public information service, pet therapy and more.

THIS ARTICLE IS NOT RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 20. To see if the Town will vote to accept the budget submitted by the Budget Committee and pass any vote in relation thereto, and to raise and appropriate such sums of money as may be necessary to defray town charges for the calendar year 1993.

ARTICLE 21. To see if the Town will vote to authorize the Rye Library Trustees to apply for, accept and expend, without further action by the Town Meeting money from the State, Federal or Governmental Unit or private sources which becomes available during the fiscal year. Pursuant to NH R.S.A. 202-A:4-c as amended.

ARTICLE 22. On Petiton of Debra Crapo and at least twenty-five other voters of the Town of Rye, to see if the Town will vote, pursuant to RSA 149-I:19, to establish a sewer commission consisting of three members to perform all the duties and possess all the powers otherwise conferred upon the Selectmen by RSA Chapter 149-I.

ARTICLE 23. On petition of Debra Crapo, and at least twenty-five (25) other voters of the Town of Rye, to see if the Town will vote

to elect by unofficial ballot three interim sewer commissioners to serve until the March 8, 1994, town election. (This is subject to a favorable vote on the previous article.) See RSA 669:16.

THIS ARTICLE REQUIRES A BALLOT VOTE

ARTICLE 24. On petition of Dwight Hamsley and twenty five others, to see if the Town of Rye will vote for the approval of an All Natural Mosquito Control Program directed by Dwight Hamsley. Funds from the approved Annual Budget, $23,000 that has already been approved by the Budget Committee will go towards installing 50 double dwelling swallow houses and bat houses by direction of the New Hampshire Audubon Society. This all natural program would restrict the use of all spraying of chemicals in the entire Town including the marshes.

ARTICLE 25. To see if the Town will vote to adopt the following ordinance which was enacted by the Selectmen as an interim ordinance at their meeting of March 23, 1992: "Dogs will be allowed on any beach owned by the Town of Rye only from 6:00PM until 8:00AM from June 1st to October 1st of each year."

ARTICLE 26. To see if the Town will vote to adopt the following ordinance which was discussed at a Public Hearing held on May 11, 1992 at which time the Selectmen voted 3-1-1 to table this ordinance until the March 1993 Town Meeting: To see if the Town will vote to adopt the following **BEACH ORDINANCE:** (1) While the lifeguards are on duty between 9 AM until 5 PM, the use of inflated flotation devices in the nature of tubes, rafts, and floats, or similar devices are prohibited from and on the waters of the Town of Rye Beaches. (2) This ordinance is intended to replace any ordinance enacted by the Town of Rye as of April 1, 1992 governing this subject. (3) There shall be a fine of $100 maximum for each violation of this ordinance.

ARTICLE 27. To see if the Town will vote to allow a five percent (5%) discount on all property taxes paid within thirty days from the date of mailing of tax bills.

ARTICLE 28. To see if the Town will vote to authorize the Selectmen to sell to the highest bidder at public auction or sealed bid such surplus Town equipment as is not traded in on new equipment in 1993.

ARTICLE 29. To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the town gifts, legacies and devises made to the Town in trust for any public purpose, as is permitted under RSA 31:19.

ARTICLE 30. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

ARTICLE 31. To see if the Town will vote to authorize the Selectmen to convey any real estate acquired by the Town by tax collector's deed. Such conveyance shall be by deed following a public auction, or the property may be sold by advertised sealed bids, or may be otherwise disposed of as justice may require pursuant to RSA 80:80.

ARTICLE 32. To see if the Town will vote to authorize the Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the state, federal or governmental unit or private sources which becomes available during the fiscal year. Pursuant to **NH RSA 31:95-b.**

ARTICLE 33. To transact any other business which my legally come before this meeting.

Given under our hands and seal this nineteenth day of February in the year of our Lord, nineteen hundred and ninety three.

DONALD L. STEVENS, Chairman

PAULA S. SNYDER, Selectman

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of
the Board of Selectmen
Town of Rye
Rye, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Rye as of and for the year ended December 31, 1992, as listed in the table of contents. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Rye as of December 31, 1992, and the results of its operations (and cash flows of its nonexpendable trust funds) for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Rye. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

INDEPENDENT AUDITOR'S COMBINED REPORT ON INTERNAL CONTROL STRUCTURE

To the Members of
the Board of Selectmen
Town of Rye
Rye, New Hampshire

We have audited the general purpose financial statements of the Town of Rye as of and for the year ended December 31, 1992, and have issued our report thereon dated January 19, 1993. We have also audited the Town's compliance with requirements applicable to nonmajor Federal financial assistance programs and have issued our report thereon dated January 19, 1993.

We conducted our audit in accordance with generally accepted auditing standards; *Government Auditing Standards*, issued by the Comptroller General of the United States; and Office of Management and Budget (OMB) Circular A-128, *Audit of State and Local Governments.* Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement and about whether the Town complied with laws and regulations, noncompliance with which would be material to a Federal financial assistance program.

In planning and performing our audit for the year ended December 31, 1992, we considered the Town's internal control structure in order to determine our auditing procedures for the purpose of expressing our opinions on the Town's general purpose financial statements and on its compliance with requirements applicable to Federal financial assistance programs and not to provide assurance on the internal control structure.

The management of the Town of Rye is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles, and that Federal financial assistance programs are managed in compliance with applicable laws and regulations. Because of inherent limitations in any internal control structure, errors, irregularities, or instances of noncompliance may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

Accounting Controls
- Budgeting Cycle
- Payroll Cycle
- Expenditure (other than payroll) Cycle
- Data Processing Cycle
- Revenue Cycle
- Financial Reporting Cycle

General Requirements
- Political Activity
- Davis-Bacon Act
- Civil Rights
- Cash Management
- Federal Financial Reports
- Allowable Costs/Cost Principles
- Drug-free Workplace
- Administration Requirements

Specific Requirements
- Types of Services
- Eligibility
- Matching, Level of Effort, or Earmarking
- Reporting
- Cost Allocation
- Special Requirements

Claims for Advances and Reimbursements

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and determined whether they have been placed in operation, and we assessed control risk.

During the year ended December 31, 1992, the Town of Rye had no major Federal financial assistance programs and expended 86% of its total Federal financial assistance under the following nonmajor Federal financial assistance program:

Environmental Protection Agency
Construction Grants for Wastewater Treatment Works
Sewer System Project

We performed tests of controls, as required by OMB Circular A-128, to evaluate the effectiveness of the design and operation of internal control structure policies and procedures that we have considered relevant to preventing or detecting material noncompliance with specific requirements, general requirements, and requirements governing claims for advances and reimbursements that are applicable to the aforementioned nonmajor programs. Our procedures were less in scope than would be necessary to render an opinion on these internal control structure policies and procedures. Accordingly, we do not express such an opinion.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control

structure that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

During the course of our review, the following conditions were noted that were considered to be material weaknesses as defined above:

OVERVIEW OF GENERAL LEDGER SYSTEM

Our previous audit disclosed that several general ledger accounts covering proprietary accounts were not reconciled. This included payroll deduction accounts which had incorrect balances at year end. We further stated that we had reviewed reconciliation procedures with the Town's Bookkeeper and felt confident that many of the problems would be resolved in 1992.

Many of the problems were resolved in 1992. However, there still remains a need to strengthen internal accounting controls in the following areas:

Taxes Receivable

Presently, only cash transactions are recorded. Tax warrants and abatements are not reflected on the records until the time of the audit. The general ledger is not being utilized to control this area of proprietary accounts.

Federal Grant Revenue

There is a lack of control over the receipt and expenditure of Federal and State monies. For example, Federal Emergency Management Assistance funds received in April 1992 were thought to be expended. However, our examination revealed that $16,875 for the EEL Pond Project had not been expended as of December 31, 1992. Whether or not there is sufficient time to expend these funds in 1993 is unknown at this time. It appears that the Town has until May 13, 1993, to complete the expenditure of these funds.

Also, it took a considerable amount of time in order to substantiate the expenditure of these Federal and State funds in the general books of account. The accounting system did not segregate these expenditures from the general operating expenditures of the Town.

We have made specific recommendations to the Bookkeeper in order to alleviate this problem in the future. Also, we suggest that the Board of Selectmen appoint a project

director to coordinate each separate project. The individual would be responsible to insure that Federal and State requirements are met for the expenditure of all such funds.

Chart of Accounts

We have noted that the Town has not converted to the new chart of accounts as recommended by the Department of Revenue Administration and as published by the New Hampshire Government Finance Officer's Association in a new procedures manual. We have, however, submitted these financial statements and related exhibits as close as possible in accordance with the recommended format.

We suggest that this conversion be made as soon as possible in order that the various State annual reports, as well as budgetary forms, may be prepared efficiently and accurately.

Also, the following condition was noted that we do not consider to be a material weakness:

TRUST FUND RECORD-KEEPING

We continue, because of the amount of detail and complexity of the transactions, to expend a considerable amount of time in compiling the necessary information in order to prepare the annual trust fund financial reports.

In this regard, we recommend that the Trustees consider the acquisition of computerized data processing equipment which would greatly assist in the accounting for the trust funds.

These conditions were considered in determining the nature, timing, and extent of the procedures to be performed in our audit of the Town's general purpose financial statements and of its compliance with requirements applicable to its nonmajor Federal financial assistance programs for the year ended December 31, 1992, and this report does not affect our reports thereon dated January 19, 1993.

This report is intended for the information of management and the Board of Selectmen. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

January 19, 1993

PLODZIK & SANDERSON
Professional Associatior

BOARD OF ADJUSTMENT'S REPORT

The Board of Adjustment consists of five Selectmen appointed members. The members this year are, Chairman, David Rosania, Clerk, Frank Drake, David Wajda, Lee Seaver and Jo Catalino. Daryl Remick, Peter White and John Vadala, Jr. serve as alternates. Our able secretary is Therese Zartarian.

The duties and powers of the Board are prescribed by N.H. state law and delineated in the Rye Zoning Ordinance. Mostly, the Board hears three types of appeals:

1. *Variances:* to authorize upon appeal in specific cases such variances from the terms of the ordinance provided that;
   1. The variance could be granted without diminishing the value of abutting property.
   2. Granting the appeal would be of benefit to the public interest.
   3. Denial of the permit would result in unnecessary hardship to the owner because of unique features of the land.
   4. Granting the permit would do substantial justice.
   5. The variance could be granted without violating the spirit of the ordinance.
2. *Special Exceptions:* to decide special exceptions to the ordinance which are specially delineated in the ordinance. The granting of a special exception is a matter of right, not a privilege, provided that the request is not injurious or detrimental to the neighborhood is in harmony with the general purpose and intent of the ordinance, and meets all the rules and requirements for that exception.
3. *Appeals:* to hear appeals from administrative decisions where it is alleged the Zoning Administrator (Building Inspector) has incorrectly applied terms of the ordinance.

The Board heard a total of 52 cases in 1992.

	Granted	Denied
34 Variances	24	10
7 Special Execptions	5	2
11 Appeals	6	5

The power to grant appeals is treated with respect and with the knowledge that the task of the Board of Adjustment is to correct inequities, not to create them.

Respectfully submitted,

Frank A. Drake
Clerk

AMBULANCE CORPS' REPORT

The RYE AMBULANCE CORPS had a total of 205 calls in 1992. The month of July proved to be an extremely busy month. We had 17 calls within one week; an all time record since the Corps began service in the Fall of 1961.

In 1992, the Corps through a warrant article at Town Meeting, was granted the use of $32,759. for hiring additional EMTs. These monies were not needed, therefore never requested from the Town.

In the Spring, the Corps hired several EMTs to help augment the volunteers. By the end of August it was found that additional help was needed immediately. After running a simple 'want-ad' in the local papers, the Corps received over eighty calls with approximately fifty resumes sent in. After numerous interviews and background checks, we hired seven EMTs in September. In October, three volunteers resigned because they wanted to have more time with their families. Consequently, the Board of Directors instructed me to hired as many EMTs as was necessary to provide full coverage for the Town of Rye. Immediately hired were EMTs, EMT-Intermediates, and Paramedics with experience and expertise. Many of them also worked for other companies and Towns along with the State.

In October, the Board of Directors voted to transfer the service over to the Town. The Town was given several dates but were not ready to accept the service. Finally, the Board of Directors voted to terminate the service on November 30, 1992. This once again had to be extended to December 11th. So on December 11, 1992 at 12 o'clock noon, the Rye Ambulance Corps turned ambulance service over to the Town of Rye. A majority of the Board of Selectmen signed an agreement having the Town of Rye to assume any and all liability pertaining to the past, present, and future. All assets have or will be transferred over to the Town of Rye as per an agreement signed in 1961. Sometime around the first of February, the Rye Ambulance Corps , Inc. will be completely dissolved.

Over the past 30 years, the volunteers have surely saved the Town of Rye many tax dollars. I regret the volunteers were too numerous to list in this report. On behalf of the Board of Directors and all the volunteers over the years—THANK YOU! And to all the supporters who helped make it a working organization with no direct cost to the taxpayer– THANK YOU!

Respectfully Submitted.

John W. Moynahan
Rye Ambulance Corps, Inc.

CONSERVATION COMMISSION'S REPORT

After long negotiation. "Seavey Acres", a tract of 58 acres off Pioneer Road, came into Rye Ownership. A sign states: "Protected by Land Conservation Investment Program." It is for forest and wildlife management, along with light recreation. Initial work for Conservation members is to clear the logs at Pioneer Road from the '91 Halloween storm. There is also a blowdown across the wood road. A linear dump was discovered along an interior wall, now cleared. Broken glass was a hazard for both dogs and people. Intact bottles were cleaned and recycled.

After Town Meeting, chairmanship shifted from James Rand to Louise Tallman. Tina Lear was hired as Clerk to type minutes and wetlands response letters. With resignation of Maryann Kahl, James Raynes filled the position. Alden Howard is now our new Alternate.

We try to evaluate each wetlands application, and respond with our opinion. Most are minor situations, but we need to be on guard for applications that should be firmly denied.

The herbicide treatment of Phragmites invading the saltmarshes had been budgeted under Conservation. However the critical paperwork of owner permission had not been obtained, so work could not be done in 1992. The budget figure will be re-entered for work in 1993. The New Hampshire Department of Agriculture is interested in observing treatment results at the 4 sites.

We have followed the saltmarsh restoration on Aucomin Marsh at Rye Harbor. This was initiated by the Office of State Planning. Work was under the direction of Dan McHugh. He outlined plans at one of our Conservation meetings. Results are being monitored to determine what gains are made. We have been impressed with the quality effort on this marsh restoration.

An appeal was made to the Conservation Commission for funding assistance to get the Recreation Area pond deepened. This will make better skating, and will be better for fish for summer kids fishing. Selectmen approved use of the unexpended Phragmites funding for this project.

Forestry work was done early 1992, coordinating Rye Town Forest with adjoining private woodlots. Forester Charles Moreno planned the cutting, with particular care to leave recreation trails intact. Removal of low grade material will enable better growth of quality trees.

Beaver problems were studied. At East Rye Pond (Parsons corner Brackett Roads) the concern of neighbors was possible flooding of the road. Each night beavers would pile clods on the spillway. Next day the neighbors would release the water. Eventually the beavers went elsewhere. Flooding by beavers at Long John Road has been a problem for at least 15 years. Owners of the dam site between Long John & Brackett Roads have worked with Fish & Game

for repeated attempts to discourage the colony with little effect.

A study of the Berry's Brook watershed through Portsmouth and Rye is in progress. Water quality problems of present and future development, wildlife management, and recreation usage are topics being addressed. Beavers are there too.

Respectfully Submitted,

L. H. Tallman
Chairman

HISTORIC DISTRICT COMMISSION'S REPORT

The Rye Historic District includes four areas in the Town of Rye. One area extends along Washington Road from the west end of Grange Park to the intersection of Central Road including 500 feet either side of the road centerline. It also includes the State of New Hampshire Isles of Shoals islands, the Brackett Road Massacre Site, and the Cable House located at 20 Old Beach Road.

The Commission is responsible for preserving the buildings within the District, encouraging their maintenance, insuring that new structures and alterations to existing structures are in visual harmony with their neighbors, and reviewing new uses of land or buildings within the District. The purpose is to preserve the history of the Town of Rye, maintain property values, foster civic beauty, strengthen the local economy, and provide an opportunity to benefit the education, pleasure, and welfare of all Rye citizens.

The Commission meets and consults as needed to fulfill its mission. It worked closely with several groups during the design process on several projects. One project started last year with the Rye Junior High School administration and a student, Terry Allen, resulted in a new sign for the Rye Junior High School. The sign, after months of planning, was erected in July.

The Commission feels that it is especially helpful in establishing communication between applicants and abutters. The Rye Bethany Congregational Church requested permission to expand the Church parking lot. The Commission meetings provided a forum for the Church committee, the landscape architect, and the abutters to reach agreement on a plan that would satisfy both the Commission and the Planning Board, as well as the needs of the Church and the privacy of the abutters.

The Commission continues to focus on issues at Parsons Field. It worked closely with the Rye Women's Association to locate a Town Memorial Christmas Tree that would not interfere with other activities at the Field but would provide a festive view for people approaching the Field. The Commission also worked closely with the Board of Selectmen, the Rye Police Department, abutters, and the Rye Recreation Commission to create a traffic plan for events at the Field.

The impact of the development of Pease Air Force Base on the Rye Historic District is of concern to the Commission, especially the effects of noise. The Commission coordinated a petition drive to document the level of concern over potential aircraft noise and presented over 170 signatures to the Board of Selectmen. As a result, the Selectmen sent a letter to the Pease Development Authority that took a position on Stage III aircraft, engine runups, night time flight operations, and pilot training activities.

The Rye Historic District Commission serves not only as a review board

but also as a forum for public comment on each project. The public is welcome to attend all Commission meetings. All property owners and Rye Town officials are encouraged to review projects with the Commission from the early stages, when changes are easiest. Major projects for 1993 will be to complete the traffic control project at Parsons Field and monitor the activities of the Pease Development Authority for affects on the Historic District. Public comments and suggestions are welcome.

Respectfully submitted,

Richard E. Kutzleb
Chairman

*** The Town pays 100% single dental coverage only (3 plans).

**** The Town pays total cost of this plan. The Life Insurance policy is valued at $7,500.

HEALTH OFFICER'S REPORT

1992 was a busy and challenging year as Health Officer. As in previous years, I am pleased to report nearly 100% compliance to RSA-143A, which pertains to the licensing of restaurants and other food service operations. This regulation is not only for the protection of customers but for owners as well.

The major coastal storms that hit our area in 1992 did not seriously affect wells or other water supplies. Several cases of suspected rabies have been reported in New Hampshire but none, to date, in Rye.

I would like to thank the Board of Selectmen, the various town officials, and the citizens of Rye for their cooperation and support. I have enjoyed serving the people of Rye, and look forward to a busy and productive year ahead.

Respectfully submitted,

Gail Ann Snow, MD
Health Officer

TRUSTEES OF TRUST FUNDS REPORT

During the past year 1992 the economic status of investments and interests have not improved. As a consequence the overall gain in investments have remained relatively stable as in the previous years.

The trust funds have performed well but show no marked increases. The total amount of principal invested remained approximately the same at $795,026. and with a total return (income) of $79,504.86 the percent of investment return average of 10%. It should be borne in mind that our principals do not show increases unless stocks are sold at an amount greater than the original purchase price or monies are received from benefactors to the various trusts we hold. One of the reasons that the Board was able to maintain the stability of return was that as the interest on certificate of deposits declined we increased our bond investment to make up for the loss in the certificate of deposits. This change of direction proved out to be quite advantageous.

The capital reserve funds, as indicated in the Statement of Miscellaneous Funds and as passed by the Town Meeting vote of March 1992, has increased by $90,137.75 to a total of $291,363.91. Also the Library Fund principal was increased by a $132.60 gain form sale of stock and $2,000.00 from the Corinne P. Macdonald bequest, for a total currently of $102,123.13. The net gain of $9,727.66 income of this Trust has been transferred to the Library Board of Trustees for their use.

All funds held in trust have been audited by the assigned Town auditors and the State Department of Revenue, as required by law.

Respectfully submitted,

Peggy Wade

ANNUAL REPORT
Southeast Regional Refuse Disposal District 53-B

The Recycling Committee planned a Household Hazardous Waste Collection which was held on April 25, 1992. The collection was held at two locations to better serve the population of the District towns. One collection site was held in Hampton and one in Sandown. The collection was very successful with 139 cars being processed in sandown and 410 cars being processed in Hampton. The total cost of the collections was $31,266. A grant from the State of New Hampshire, based on population of the District towns, in the amount of $8,617 helped to offset the cost. The remainder was paid for out of District funds which had been set aside for this purpose. The per car cost came to $56.95, the lowest of any recent collections held in our area.

The District felt the collection was a resounding success and have set aside funds in the 1993/1994 Budget to hold another collection the Spring of 1993. The Hazardous Waste Collection will be Saturday, May 8 at the Hampton Town Hall parking lot. Watch for fliers for further information.

The Landfill portion of the District operations continues with the long-term contract with Waste Management of New Hampshire, Brentwood, Fremont, New Castle, North Hampton, and Rye are currently shipping to the Turnkey Landfill Facility in Rochester. The tipping fee for 1993-1994 will be between $52.82 and $53.00 depending on the CPI at January 1, 1993.

The District continues to have an agreement with Waste Not, Inc. for stump grinding and wastewood/wood demolition disposal. This service is located at the Town of Hampton landfill and is available to all member municipalities. It operates Monday, Wednesday and Saturday from 9:00 AM to 4:00 PM. A fee is charged for the use of the service. Further information may be obtained by calling the District Office. (964-7716)

The proposed Budget as adopted by the District contains NO levy to the Member Municipalities. However, it is possible that economics will dictate assessment in future years depending on the types of projects adopted.

The District will continue to review other possible methods of refuse disposal in order to arrive at more economical solutions.

Respectfully submitted

Paula S. Snyder
Selectmen's Representative to 53-B

REPORT OF THE ANNUAL TOWN MEETING FOR THE TOWN OF RYE, NEW HAMPSHIRE MARCH 10, 1992 AND MARCH 14, 1992

At 8:10 am on March 10, 1992, the Moderator zeroed the OpTech Voting Machine and displayed the resulting zero tape. The public counter read zero, the ballot box was opened and verified as being empty, and Tab #894 was placed on the memory pack and secured. The system was declared ready for voting. Election workers were then instructed by the Moderator. Ballots were counted into stacks of fifty and a count of 1794 ballots was declared as the result by the Moderator. Absentee ballots which had been received were stored at the polling place, and the Notice of Intent to Cast the absentees at 2:00 pm was duly posted.

At 9:00 am Moderator DeVries declared the polls open and commenced the reading of the Official Town Warrant. It was moved by Elizabeth Yeaton and seconded by John Coffey to waive the further reading of the Warrant. So voted.

The ballot box was secured and ballot voting ensued.

The absentee ballots were cast at 2:00 pm as posted.

At 7:00 pm Moderator Sharon DeVries declared the polls closed. Town Clerk, Jane Ireland, exited the polling area and remained outside the polling area until all counting was completed, and the results declared. Moderator DeVries instructed the Election Workers in the counting procedure. At 8:50 pm the Moderator declared the results of the ballot voting. These results are shown on the accompanying pages.

On Thursday, March 12, 1992, John Moynahan requested a recount for the office of Selectmen. According to statute, a Recount Board was formed consisting of the Moderator, Town Clerk and three of the Selectmen (those currently in office). The Moderator appointed Elizabeth Yeaton and Therese Zartarian to be a part of the Board of Recount, replacing two Selectmen. All parties were duly notified and a date and time set as Wednesday, March 18, 1992 at 7:00 pm in the Court Room of Town Hall. The results of the Recount are included on the accompanying pages.

At 9:30 am on the 14th day of March 1992, the business portion of the Annual Town Meeting was called to order by Moderator Sharon DeVries. She introduced Giancarlo Maddaloni and Libby Yeaton, a Boy Scout and Girl Scout, who led the assembly in the Pledge of Allegiance.

The Moderator introduced those at the podium: Jane Ireland, Town Clerk/ Tax Collector; Town Counsel H. Alfred Casassa; Vice Chairman of the

CONSTANCE M. OLSON	1154

YOU HAVE NOW COMPLETED VOTING

Board of Selectmen Donald Stevens; Paula Snyder; Henry Cavaretta; Herbert Drake, Janet Thompson, Administrative Assistant to the Board of Selectmen; newly elected Selectmen Jack Tobey and Joseph Mills. Mrs. DeVries announced that there has been a request for a recount of the Selectmen's race and the recount will take place Wednesday March 18th at 7:00 o'clock in the Town Hall in the Court Room. She recognized outgoing Selectman John Coffey, who was seated in the audience.

Moderator DeVries announced the results of Tuesday's ballot voting. She announced that no smoking was allowed inside the building and that the Rye Flames would be serving lunch and coffee in the cafeteria. She said anyone who was elected would be sworn in after today's meeting, with the exception of the two selectmen who must await the conclusion of the recount. Mrs. DeVries asked spectators (non voters) to sit in the bleacher section of the gymnasium. She appointed Jack Squires and Frank Drake as counters in the event a count of hands would be necessary.

The Moderator briefly stated the rules of the meeting. We will follow the articles in the order that they appear on the Warrant. Any motion to advance an article must pass by a majority vote. She said she would generally recognize the sponsor of an article first, and then open the article to the floor for discussion. She said all remarks should be addressed to her as Moderator, not to any individual. Mrs. DeVries further stated that we will vote by a show of hands and voters should hold up their voting card which they received when they came through the checklist. She asked that speakers go to the microphone and state their name. Any motions to amend must be in writing unless they are just one or two words. Motions for reconsideration of a vote must be immediately after the vote, before any new business is taken up, and made by someone on the prevailing side. Secret ballots must be requested in writing by five voters before we take the vote. The moderator said she would allow any motions you feel are appropriate regarding limiting debate or setting a fixed time for debate. This is your meeting; this is your chance to be heard.

ARTICLE 6. To see if the Town will vote to raise and appropriate the sum of sixteen thousand dollars ($16,000) for the purpose of purchasing computer equipment, (hardware and software), to be used jointly by the Fire and Police Departments.

This article is recommended by the Budget Committee. It was moved by Jack Squires, seconded by George Moynahan, to adopt this article.

Dr. O'Brien asked how the impact of the gift of a computer weighs on this article. Mr. Squires responded that a citizen in Rye donated a portion of a computer system. He said the idea of the $16000 was to continue so that the Chief's office would have a terminal, and the back office for the officers and then also the same set-up for the Fire Department. Mr. Squires felt we would not need all of the $16000 because of the hardware donated by Jeff Londres

and some software which has also been donated. Chief George Moynahan, Jr. said the Fire Department has been attempting to computerize for seven years. Brian Berry said it might be appropriate that whoever the new chief is has some input into the software that we use. Again Jack Squires responded, saying we won't be buying anything until the new chief gets into office.

There being no more discussion, the moderator called for a vote.

Show of Hands. Article 6 is declared ADOPTED.

ARTICLE 7. To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of constructing a boat launch area to be located off Route IA on town property on the north side of Pine Tree Bridge to include a launch ramp and a parking area subject to state and local regulations, and to raise and appropriate eight thousand dollars ($8,000) to be deposited in this fund and to designate the Selectmen to expend.

This article is recommended by the Budget Committee.

It was moved by Jack Tobey and seconded by Donald Stevens, to adopt Article 7, as read.

Mr. Tobey said it was his understanding that this would be a boat ramp for the citizens of Rye and that although we do have to raise these funds, they would be reimbursed to us through the sale of boat registrations in the Town of Rye. J. P. Nadeau said he didn't feel the $8000 was appropriate at a time when many people are struggling financially and that we would be faced with maintenance costs, liability insurance and probably employee costs.

There being no more discussion, the Moderator called for a vote.

Show of Hands. Article 7 is declared Defeated.

ARTICLE 8. On petition of Robert J. Whittet and at least 84 other voters of the Town of Rye, to see if the Town of Rye will raise and appropriate the sum of thirty two thousand seven hundred fifty nine dollars ($32,759) to assist the Rye Ambulance Corps, Inc. a non-profit volunteer organization, in providing emergency service to the citizens of Rye; and to indicate to the selectmen, town approval for continuing financial support for the ambulance service.

This article is recommended by the Budget Committee.

It was moved by Harold Sleeper, seconded by Bob Whittet, to adopt Article 8 as read.

Mr. Whittet spoke of the loss of volunteer help to the Ambulance Corp and they've had to hire paid EMT's. He said the Board would decide in April at what point in the future the Ambulance Corp will cease to be the provider of ambulance service for Rye.

After substantial discussion the moderator called for a vote on Article 8.

Show of Hands. Article 8 is declared Adopted.

ARTICLE 9. On petition of John C. Squires and at least 30 other voters of the Town of Rye, to see if the Town will vote to create a Capital Reserve fund under the provisions of RSA 35:1 for the purpose of constructing a new Safety Building to be known as the Safety Building Capital Reserve fund and to raise and appropriate twenty-five thousand dollars ($25,000) to be deposited in this fund and to designate the Selectmen to expend.

This article is not recommended by the Budget Committee.

It was moved by Jack Squires, seconded by Paula Snyder, to adopt Article 9 as read.

It was **moved** by Jack Squires to **amend** Article 9 by eliminating the last seven words, so that the article would read:

To see if the Town will vote to create a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of constructing a new Safety Building to be known as the Safety Building Capital Reserve fund and to raise and appropriate twenty-five thousand dollars ($25,000) to be deposited in this fund.

The amendment was seconded by Mrs. Snyder.

Mr. Squires explained his amendment lets the voters decide when to spend the money rather than the Selectmen.

After discussion the moderator called for a vote on the amendment.

Show of Hands. Amendment is declared passed.

The moderator called for a vote on Article 9, as amended.

Hand Count: Yes = 112; No = 99. Article 9, as amended, is Adopted.

ARTICLE 10. On petition of David A. Dawley and at least 35 other voters of the Town of Rye, to see if the Town will vote to raise and appropriate the sum of Eight Thousand Dollars ($8,000) of which Four Thousand Dollars ($4,000) will be reimbursed by a grant from the New Hampshire Coastal Zone Management Program for the purpose of developing a management plan to preserve and protect the Berrys Brook—Bellyhack Bog Watershed area.

This article is recommended by the Budget Committee.

It was moved by David Dawley, seconded by Donald Stevens, to adopt Article 10 as read.

Mr. Dawley explained the article, and after discussion the Moderator called for a vote.

Show of Hands. Article 10 is declared Adopted.

At this point Elizabeth Yeaton moved to advance Article 15, saying that she intended to amend the budget based on this article. Her motion was seconded by J. P. Nadeau.

The moderator called for a vote on the motion to advance Article 15.

Show of Hands. Motion is passed.

ARTICLE 15. On petition of Elizabeth M. Yeaton and at least 28 other voters of the Town of Rye: Are you in favor of offering the full-time elected officials of the Town of Rye a full benefit package equal to that offered all other full time Town Hall employees? This package presently includes Health and Dental insurance, Retirement Fund, Life Insurance, Vacation and Sick Leave, Personal days and Longevity.

It was moved by Elizabeth Yeaton, seconded by Bill Ladrie, to adopt this article as read.

Mrs. Yeaton explained the article, saying that it is meant to restore the Town Clerk's wages and benefits to the same method the town has used for the past eighteen years, i.e., that the position receive the same level of increase and benefits as all other full time Town Hall employees. She further explained that if this article passed she would be making a motion to amend the budget by decreasing Jane's salary to a figure which would be 6% over her last year's salary (the same increase other town employees have received), and which would fund the amount of the benefit package, which would be a net increase of $1,262.00.

After substantial discussion, Donald Stevens motioned to move the question. His motion was seconded by Paula Snyder.

Show of Hands. Motion to Move the Question is passed.

Show of Hands. Article 15 is declared Defeated.

ARTICLE 11. To see if the Town will vote to accept the budget submitted by the Budget Committee and pass any vote in relation thereto, and to raise and appropriate such sums of money as may be necessary to defray town charges for the calendar year 1992.

It was moved by Budget Committee Chairman Gary Chapman to adopt a budget of $3,139,013.00. The motion was seconded by Wayne Powers.

It was **moved** by Elizabeth Tobey, seconded by Elizabeth Yeaton, to **amend the budget** by adding $7,095 for library staff, 5.5% salary increase. The total budget would be amended to read $3,146,108.

Mrs. Tobey explained her amendment, pointing out that we have an excellent library and an excellent library staff and saying that we need to be advocates for things that are good and right and positive, and give the library what it should get as far as an increase to the staff.

After a good deal of discussion, the moderator called for a vote on the amendment.

Show of Hands. The amendment is declared Defeated.

The moderator called for discussion on the budget of $3,139,013.

A motion was made and seconded to move the question. So voted.

Show of Hands. A budget in the amount of $3,139,013. is declared Adopted.

ARTICLE 12. To see if the Town will vote to amend the Rye Parking Ordinances to include no parking on the south side of Marsh Road, no parking at the "T" at the end of Alehson Street; and no parking on both sides of South Road from Route 1A west 600 feet.

It was moved by Donald Stevens, seconded by Paula Snyder, to adopt Article 12 as read.

After Donald Stevens explained the ordinance, the Moderator called for a vote on the article.

Show of Hands. Article 12 is declared Adopted.

ARTICLE 13. To see if the Town will vote, pursuant to RSA 41:9-a, to authorize the Board of Selectmen to establish or amend fees for: (1) the issuance of any licenses or permits that are part of any regulatory program which has been established by vote of the Town; and (2) the use or occupancy of any public revenue-producing facility established by vote of the Town.

Such fees and the notice and hearing requirements for establishment thereof shall conform to the requirements of RSA 41:9-a, as amended.

It was moved by Donald Stevens, seconded by James D. Brown, to adopt Article 13, as read.

There being no discussion, the moderator called for a vote.

Show of Hands. Article 13 is declared Adopted.

ARTICLE 14. On petition of James Drake Brown and at least 32 other voters of the Town of Rye to authorize the Selectmen to accept on behalf of the Town of Rye a road known as DRAKE LANE, this being a road completed in accordance with the Rye Planning Board approved specifications, on Plan No. 83441, entitled Subdivision Plan for Oliver, Southworth and Brown, Locke Road at Ocean Boulevard. The Rye Public Works Director has confirmed that said road is in conformity with specifications controlling construction of new roads in Rye, New Hampshire.

It was moved by James D. Brown, seconded by Bill Ladrie, to adopt Article 14 as read.

After Mr. Brown explained the article, the moderator called for a vote.

Show of Hands. Article 14 is declared Adopted.

ARTICLE 16. To see if the Town will vote to adopt revisions to the current Town Dump Regulations (on file at the Town Clerk's Office) as proposed by the Recycling Committee and approved by the Board of Selectmen at their February 3, 1992 meeting. A copy of the proposed revisions are on file at the Town Clerk's Office.

It was moved by Mr. Demme, seconded by Mr. Squires, to adopt Article 16, as read.

After Mr. Demme explained the article, the moderator called for a vote.

Show of Hands. Article 16 is declared Adopted.

ARTICLE 17. To see if the Town will vote to allow a five percent (5%) discount on all property taxes paid within thirty days from the date of mailing of tax bills.

It was moved by John Snyder, seconded by Charles Sleeper, to adopt this article.

After prolonged discussion, a motion was made and seconded to move the question. So Voted.

Show of Hands. Article 17 is declared Adopted.

ARTICLE 18. To see if the Town will vote to authorize the Selectmen to sell to the highest bidder at public auction or sealed bid such surplus Town equipment as is not traded in on new equipment in 1992.

It was moved by Donald Stevens, seconded by Jack Tobey, to adopt Article 18, as read.

There being no discussion, the moderator called for a vote.

Show of Hands. Article 18 is declared Adopted.

ARTICLE 19. To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the town gifts, legacies and devises made to the Town in trust for any public purpose, as is permitted under RSA 31:19.

It was moved by Jack Tobey, seconded by Henry Cavaretta, to adopt Article 19, as read.

There being no discussion, the moderator called for a vote.

Show of Hands. Article 19 is declared Adopted.

ARTICLE 20. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

It was moved by Henry Cavaretta, seconded by Jack Tobey, to adopt Article 20, as read.

There being no discussion, the moderator called for a vote.

Show of Hands. Article 20 is declared Adopted.

ARTICLE 21. To see if the Town will vote to authorize the Selectmen to convey any real estate acquired by the Town by tax collector's deed. Such conveyance shall be by deed following a public auction, or the property may be sold by advertised sealed bids, or may be otherwise disposed of as justice may require pursuant to RSA 80:80.

It was moved by Jack Tobey, seconded by Paula Snyder, to adopt Article 21, as read.

There being no discussion, the moderator called for a vote.

Show of Hands. Article 21 is declared Adopted.

ARTICLE 22. To see if the Town will vote to authorize the Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the state, federal or governmental unit or private sources which becomes available during the fiscal year. Pursuant to NH RSA 31:95-b.

It was moved by David Dawley, seconded by Bill Ladrie, to adopt Article 22, as read.

After Mr. Dawley spoke in favor of the article, it was moved by Donald Stevens and seconded by Paula Snyder, to move the question. So voted.

Show of Hands. Article 22 is declared Adopted.

ARTICLE 23. To transact any other business which may legally come before this meeting.

Tony Jackson asked to be recognized and to be allowed to submit a motion regarding the Randall B. Tompkins issue.

It was moved by Mr. Hoefle and seconded by Elizabeth Yeaton, to adopt Article 23.

The moderator stated that town counsel has asked to be heard on whether we can consider this motion. Mrs. DeVries pointed out that the issue is not on the warrant and therefore there are some people in town who will not know that this issue will be considered. She said Mr. Jackson is asking for an exception and to be given the opportunity to discuss the Randy Tompkins matter. She deferred to Town Counsel.

Atty. Casassa stated that RSA 39:2 dictates that the subject of all business to be acted upon at Town Meeting must be distinctly stated in the Warrant and nothing done at any meeting is valid unless stated in the warrant. He said that on behalf of the board of selectmen he would urge that no action be taken and accordingly he **moved** to postpone indefinitely the motion made by Mr. Jackson. His motion was seconded by Mrs. Snyder.

Dr. O'Brien challenged, saying the moderator had recognized counsel to explain the situation and in the course of that discussion he made a motion in the face of the motion that was already on the floor. He felt this should have been announced that so that there would have been an opportunity to at least express ourselves. Dr. O'Brien said too that over the years in Rye many, many motions have been considered under this article; counsel is only rendering an opinion, not a decision.

The moderator pointed out that the amendment to postpone is debatable. Moderator DeVries explained the different options, saying they could vote to discuss this, to postpone it, or you could limit debate, or discuss it all day. She said the only legal significance is that there will be no legal significance. No legally binding matter is decided by this group without being on the Warrant, but it doesn't mean you can't talk about it.

Harold Sleeper said that where the moderator has "come out in favor of Officer Tompkins under oath at the meetings" that she should rescue herself

on this particular item. Moderator DeVries responded by saying that she has never publicly said he was right or wrong and that she was subpoenaed to that hearing and she followed that subpoena and gave her testimony. She went on to say that she would be glad to rescue herself if this body voted to have her do so.

Atty. Casassa responded to a question regarding his right to make the motion to postpone by saying that he felt it was the obvious conclusion to his opinion on the matter, and a right that he had as a citizen of Rye. He again pointed out the right of those here to debate it or defeat it.

J. P. Nadeau rose to a point of order and the moderator ruled that Atty. Casassa does have the right to make his motion.

Leon Valley **moved** to table Article 23. His motion was duly seconded. The motion is not debatable and requires a two thirds majority to pass.

Show of Hands. The motion to table Fails.

The moderator called for a vote on the motion to postpone.

Show of Hands. Unclear.

The moderator asked for a hand count.

HAND COUNT. Yes = 105; No = 96

Issue is postponed indefinitely.

It was moved by Attorney Casassa, seconded by John Coffey, to adjourn. So Voted.

Meeting ADJOURNED at 12:05 p.m.

Respectfully submitted,

Jane E. Ireland
Town Clerk

A true record, **ATTEST:**

Jane E. Ireland
Town Clerk

Transcribed from tape.

RECOUNT
March 18, 1992

In accordance with RSA 669:32, at 7:00 pm on March 18, 1992 in the Court Room of Town Hall, the Board of Recount convened to recount the vote cast for Office of Selectmen.

The results of that recount are as follows:

Herbert R. Drake received 491 votes.
John W. Moynahan received 642 votes.
Wayne E. Powers received 150 votes.
Jack Tobey received 669 votes.
Joe Mills received 683 write-in votes.

At the conclusion of the recount the moderator announced the results and duly sealed the ballots in suitable containers.

Jack Tobey and Joe Mills were sworn into office by Town Clerk/Tax Collector Jane Ireland.
